ORIGINATOR AND GROWER

**Dahlias
Gladiolus**

Creston Road  Berkeley, Calif., U.S.A.

1926

OUR ambition is to raise the finest dahlias, gladiolus and irises that can be acquired and to send out the finest stock that can be grown.

We plant all new varieties first in our trial gardens where we can observe them before cataloging. Our own originations are also grown there and are subjected to the severest criticism. Only those of outstanding merit are ever offered for sale.

Our planting stock is rigorously inspected so that only good sound healthy bulbs or rhizomes are planted. We spare neither time nor labor in raising and curing our crop. On account of our long experience, our splendid equipment and our fine facilities for growing we are able to supply absolutely first-class stock at moderate prices. Innumerable customers in all parts of the world write us season after season of the beautiful growth and blooms they have had from our stock.

Should you favor us with your orders you may feel confident that you are buying the best stock obtainable.

Our orders are well packed against frost and other shipping contingencies without cost to the purchaser. Our interest in a customer however does not cease with the shipment of his orders. If for any reason he should be dissatisfied with the goods sent him we will cheerfully replace the stock or refund his money.

Cultural directions are given in the body of the catalog.

The iris catalog listing over two hundred of these beautiful out-of-door orchids is issued early in April. We shall be glad to send you a copy.

All three of these flowers, dahlias, gladiolus and irises are so easy to grow that any one with a sunny garden spot can have beautiful flowers.

We extend to you a very cordial invitation to visit our new exhibition gardens which are permanently located in an ideal spot in the Berkeley hills. See guide on third cover page.

Very sincerely yours,

General Information

Please read carefully before ordering.

Order Early. Early orders are solicited to prevent disappointments in case the variety selected should be sold out.

Please write your **name and address** plainly.

Stock. All of our dahlia orders will be filled with strong divisions of field grown tubers. All gladiolus bulbs will be of good blooming size and irises good strong rhizomes.

Forwarding. We begin to fill our dahlia orders just as early as the clumps can be safely divided in the Spring, and as soon as the weather will permit of shipment. Gladiolus can be shipped either in the Fall or Spring. Iris orders will be filled from June 1 to Sept. 30.

Substitutions. We do not substitute unless directed to do so. If late in the season, we suggest that you indicate a second choice.

Terms. Cash should accompany order unless satisfactory credit references are given. Remit by Postal Money Order from Canada and other foreign countries.

Postage. All retail orders amounting to \$1.00 or over will be delivered prepaid to all points reached by Parcel Post. On orders of less than \$1.00 add 25 cents for postage.

Guarantee. We exercise every care to ship only first-class stock, but give no warranty, expressed or implied and will not be in any way responsible for the results of planting or forcing of any seeds, bulbs, roots or tubers sent out by us. We are anxious to satisfy all of our customers and will gladly make replacement or refund purchase price of any article that does not prove true to name or does not arrive in good growing condition. Please notify us at once if a shipment should not arrive in satisfactory condition. If the purchaser does not accept the goods on these terms no sale is made, and they must be returned at once.

Prices given in this catalog cancel all previous quotations.

LISTED ACCORDING TO CLASSES

Color, description and prices given in general list beginning on page 7.

CACTUS DAHLIAS

True fluted type; flowers fully double; floral rays or petals long, narrow, incurved or twisted, with sharp, divided or fluted points and with margins revolute (rolled backward or outward), forming in the outer florets a more or less perfect tube for more than half the length of the ray or petal. The petals of the American cactus are not so fine or tightly rolled as those of the English type and are usually shorter than those of the hybrid cactus.

Care and Culture of Dahlias

Dahlias will thrive in almost any kind of soil. They grow best in a sunny location except in extreme warm climates, where they do better if shaded during the heat of the day.

Prepare the dahlia plot in the fall, if possible, by spading deep and leaving rough. If the soil is thin, work in barnyard manure or other fertilizer at this time. Spade again in the spring when all danger of frost is over. Plant from April to June according to climatic conditions.

Dig the holes twelve to eighteen inches deep, refilling to within six inches of the surface. If the drainage is poor, mix a shovel full of sand or wood ashes with the loose soil in the bottom of the hole.

Never use fertilizer at planting time.

Lay the tuber flat in the bottom of the hole, eye side up—drive a stake near the eye end and cover the tuber with three inches of loose soil. Fill in the remaining three inches as the plant grows. Water only moderately till blooming time but cultivate persistently.

When the dahlias begin to bloom, fertilizer may be applied and cultivation should cease. Water deep at least twice a week where there are no summer rains. Disbudding will produce larger blooms.

The time of digging varies with the severity of the winter. In mild climates, and when the drainage is good, some growers leave the clumps in the ground through the winter. Where the ground freezes they must be lifted early.

Cut the stems off close to the ground and lift clumps carefully to prevent breaking the necks of the tubers. Where the winters are mild, the clumps may be dried a few hours in the open and stored, with such soil as adheres to them, in a cool dry place, protected from frost. In cold climates, the dirt should be washed off and the tubers thoroughly dried. Then pack in boxes or barrels and cover with **dry** earth or sand. Keep boxes in a cool dry basement, raised off the ground, ventilated but away from the furnace and protected from frost.

CLUMP OF TUBERS OF DAHLIA—MRS. CARL SALBACH

New Dahlias

- Eleanor Martin** (Pelicano). One of the finest decoratives. A giant flower on a good stiff stem. Very graceful and elegant. The color is a beautiful mulberry suffused with gold. A perfect exhibition bloom and a beautiful cut flower. Stock limited. See cut on page 9. **\$5.00**
- El Granada** (Bessie Boston). A glorious orange hybrid cactus, showing a rich creamy yellow on the reverse of the curling petals. The stems are long, the bushes tall and the flowers are abundant and of exceptional keeping qualities. Centers closed to the end of the season. A most beautiful cut flower and a most excellent exhibition variety. Stock limited. **\$10.00**
- Gladys Champion**. Very large deep rich peony of primuline yellow with a shading of jasper red on the reverse of the petals. This is a very fine type of peony dahlia. The petals are long, rather broad and slightly twisted with a beautiful pollen center surrounded by many curly golden florets. Good stems, a medium height bush and a profuse bloomer. Awarded certificate of Merit at C. D. S. Trial Gardens, 1924. **\$2.00**
- Gladys Meyer** (Pelicano). A very large beautiful canary yellow decorative with extra long stems. A fine exhibition and cut flower. **\$1.00**
- Ione Haslam** (Haslam). A rich scarlet peony of great size. Fine form, long wide petals, slightly curled, making a very graceful flower. Stems long and strong. One of the finest dahlias in the trial gardens of the Dahlia Society of California, 1924, scoring 89. **\$3.50**
- Jersey's Beauty** (Waite). This beautiful Eosine pink decorative was again an outstanding feature of the Eastern Shows this year. Was the winner of several gold medals, certificates and first prizes, scored highest of any dahlia at the Trial Garden of the American Dahlia Society, 1923; and scored 91 in the Trial Gardens of the Dahlia Society of California, 1924. It is a wonderful cut flower and was admired by every one who visited our gardens. Mr. Waite, the originator, is to be congratulated on producing a dahlia of such high merit. **\$5.00**
- Karma** (Finley-Spencer). A large beautiful new amaranth pink decorative. Blooms early and late and is of sturdy growth. Won first prize at the State Floral Society show for the best three year old seedling and first for the most artistic basket of pink dahlias at the Alameda County Floral Society show. The color picture of Karma displayed in silver baskets is a vivid remembrance of the fall shows. A very graceful new decorative. **\$5.00**
- Minnie Marden** (Salbach). A beautiful watermelon pink cactus of fine form, stems and keeping qualities. A most prolific bloomer and the most popular cactus dahlia for basket work in our garden. A welcome addition to the cut flower group. **\$2.00**
- Miss California** (Pelicano). 1926. A large decorative dahlia perfectly formed and of beautiful new color known as oriental fuchsia. Tall and hardy. Stems strong and stiff four to five feet in length. Blooms high above foliage, six to nine inches in diameter. An excellent keeper, so it is a wonderful bloom for commercial as well as for exhibition purposes. Miss California won first prize for six blooms of the best three year old seedling at the California State Floral Society, 1925. Flowers early. **\$5.00**
- Mrs. Warren Dee Miller** (Miller). A very elegant and graceful white hybrid cactus with slight suggestion of rose pink showing deep in the flower. The plant is vigorous in growth and produces fine large flowers in great abundance. This is a beautiful cut flower. See cut page 17. **\$2.00**
- Neva** (Salbach). A glowing scarlet decorative, large and of good form. Plants make a vigorous growth and produce a wealth of showy blossoms. Stock limited. **\$2.00**

Rollo Boy (Pelicano). 1925. An immense hybrid cactus of beautiful form and long straight stems. Delicate amber to old gold. Won first prize for Best Dahlia at the 1924 Palace Hotel Show and also first for the largest dahlia. A very fine flower. Stock limited.**\$5.00**

SALBACH'S WHITE—DECORATIVE

Salbach's White (Salbach). 1926. A superb white decorative of perfect form, full and deep and of wonderful substance. The blooms are many and the stems excellent. We feel that this is the peer of all the white dahlias. It was awarded the Gold Medal at the Trial Gardens of the Dahlia Society of California in 1924. Stock limited.**\$10.00**

St. Bernard (Pelicano). One of the largest decorative dahlias. Soft creamy white suffused with a clear pink. Good stems. One of the best for exhibition. .**\$1.50**

- Sunkiss.** A large warm pinkish buff hybrid cactus, shading to a rich yellow at center. The plant is a vigorous grower and produces flowers in great abundance. Stock limited. **\$2.50**
- Sydney B. Mitchell** (Salbach). 1926. A very large decorative of rich, deep velvety red (almost black in the center) shading through carmine to Tyrian rose at end of petals. Fine stems. Bushes covered with blooms. An outstanding flower in the garden or in an exhibition group. Awarded certificate of merit at the trial gardens of The American Dahlia Society at Storrs, Conn., 1925. Stock limited. **\$5.00**
- Walter E. Magee** (Salbach). Very large decorative of great depth and exquisite coloring. The judges at the Trial Gardens of the Dahlia Society of California, 1924, described the colors as bitter sweet orange, shading to apricot buff with a suffusion of carmine. A very rich color combination. Scored 91. The blooms are held well above the foliage on fine stems. Stock limited. **\$5.00**
- Yellow Gem** (McWhirter). The best yellow pompon we have seen. A strong vigorous grower and a remarkable free bloomer. Fine for exhibiting and for cutting. **50c**

General List of Dahlias

AC signifies American cactus; *C* cactus; *D* decorative; *HC* hybrid cactus; *HS* hybrid show; *P* peony; *S* show.

The collarette, pompon and single dahlias are not included in this general list, but are described on pages 18 and 19.

- Al Koran** (Davies) *D*. This is one of the finest of the golden yellows. The blooms are large and full, each petal having a slight wave which adds to the grace of the flower. The plant is a good grower and the flower stalks are long and rigid. Won first prize at the San Francisco and Oakland Shows in 1922 for the best three year old seedling and also first prize at Oakland for the best vase of twelve blooms shown with stems. **\$3.00**
- Alma Davies** (Davies) *P*. This is a truly splendid contribution to the peony dahlias. The blooms are very artistic in form and the color is a warm rich combination of salmon, old rose and apricot. The stems are long and wiry and the flowers keep well when cut. Has won numerous prizes at the San Francisco and Oakland Shows. Stock limited. **\$5.00**
- Amun Ra** (Seal) *D*. A decorative of great size in the richest shades of coppery bronze. The stems are long and stiff and the flowers keep splendidly. . **\$1.50**

- California Superba** (Wintjen-Bessie Boston) *D.* An immense flower of delicate pink shading gradually to a white center. The petals are narrow, giving a daintiness to the flower. The blooms are of good form and retain their centers throughout the season. The stems are straight and carry the large blooms well above the foliage.....\$3.50
- Caroline Wintjen** (McWhirter) *D.* Beautiful salmon pink with rose shadings. Large blooms with good stems. Fine bedding variety.....75c
- Champagne** (Bessie Boston) *D.* The color is rare and delightful. According to Ridgway's Color Chart it is a rich cream suffused light jasper red, giving the flower a pinkish orange buff color. The bushes are filled with massive flowers held high on long rigid stems. A beautiful decorative and a wonderfully fine lasting cut flower.....\$3.50
- Chanson** (Bessie Boston) *P.* A broad flat petal peony of excellent substance, fine stems and great floriferousness. The color is deepest lilac with a bluish sheen.....\$1.00
- City of Portland** (Gill) *D.* Deep, clear, rich yellow. The blooms are of immense size and are held well above the foliage on good stems. Splendid for cutting. One of the best for exhibition. Won first prize for largest bloom Palace Hotel Show75c
- Claremont** (Salbach) *HC.* The large creamy pink flowers are made up of long, curly petals, giving a very graceful appearance; stems long and wiry. A vaseful of these lovely flowers is most dainty and beautiful.....\$2.00
- Cream King** (West) *P.* Very large graceful flower of rich cream, held high on long, stout stems. Prolific bloomer. Fine for exhibition and cutting.....75c
- Curlew** (Burrell) *C.* Light rosoline purple. Large full flowers with incurved petals. The finest purple cactus for exhibition. English type.....75c
- Daddy Butler** (Bessie Boston) *HC.* A large hybrid cactus of fine exhibition form. American Beauty rose with lighter reverse. A most prolific bloomer with fine stems and unusually good lasting qualities.....\$2.50
- Daniel Cornish**, *S.* A grand exhibition variety. Large blooms of raspberry red. Good stems.....50c
- Delice**, *D.* A beautiful rosy pink, unequalled in color by any of the larger dahlias. Fine for the florists.....35c
- Dr. Tevis** (Pelicano) *D.* This is one of the most beautiful of all decorative dahlias. The color is a soft salmon rose, suffused with old gold, with golden apricot at center. The reverse side of petals is a rich old rose. The blooms are extra large and borne in profusion on long stout canes. This dahlia has won many prizes.....75c
- Earle Williams** (Doolittle) *D.* This is a most unique and attractive dahlia. The two colors of brilliant crimson and white are well distributed. The blooms are very large and are of true decorative type. The stems are perfectly straight. An extremely popular dahlia, as evidenced by the many prizes awarded its exhibitors at the different shows.....\$2.00

E. F. Hawes (Stredwick) *C.* One of the most vigorous growers of all the cactus. The large pink flowers are held erect on long, stout stems. A very prolific bloomer. Always in demand as a cut flower.....\$1.00

El Dorado (Bessie Boston) *D.* A very large gold flower deepening to a richer gold at the base of the petals. A dahlia of great depth and excellent substance. Stems absolutely straight and stiff. A free flowering, low growing bush and an early bloomer.....\$7.50

ELEANOR MARTIN—DECORATIVE

See page 5

Eleanor Martin, New. A glorious mulberry and gold decorative. See page 5
.....\$5.00

Elena Eyre (Hodgens) *D.* A beautiful dahlia of comparatively low growth. The flowers, which are large and very abundant, are amaranth and Tyrian pink, with the reverse of petals Tyrian rose. Good stems and good form through the whole season. Received the highest Award of Merit at the Trial Garden of the Dahlia Society of California, 1922. Very early.....\$1.50

- El Granada**, New. A most beautiful orange and creamy yellow hybrid cactus. See page 5. Stock limited. **\$10.00**
- Elizabeth Boston** (Bessie Boston) *P*. The best and biggest peony of its coloring, deep crimson shading to old gold at the tips. The center is surrounded with tiny curly petals. Stems are very long and cane-like. A perfect peony. . **\$2.50**
- Elsie Oliver** (Bessie Boston) *HC*. One of the largest hybrid cactus dahlias grown. The color is a delicate pink shading to cream. While the flower is very large the fine form and delicate coloring give it the necessary grace to make it exceedingly attractive. The bushes are decidedly branching and produce an abundance of blooms, which are held well above the foliage on good stems. **\$2.50**
- Empire** (Bessie Boston) *AC*. A beautiful large American cactus in raspberry red, with perfectly rolled, incurved petals. The bush is filled with the big blossoms, which hold their centers till frost. **\$3.00**
- Esmond**, S. Clear, bright yellow. Perfect form. **50c**
- Francis Lobdell** (Waite) *HC*. A very large hybrid cactus in a most pleasing color combination—an attractive cluster of white petals at the center with surrounding petals of clear mallow pink shading to white at tips. One of the finest vases at the Philadelphia Show last year was of this dainty flower. The blossoms are large, perfect of form, holding center to the last. The bush is low growing and free blooming, making this a splendid bedding variety. The stems are like pieces of cane. A beautiful dahlia for cutting and exhibition. . **\$5.00**
- Futurity** (West) *D*. The beautiful old rose color of this dahlia makes it one of the most admired. The flowers which are of medium size, are held high on good stems. It is a perfect decorative and a very free bloomer. **\$1.00**
- F. W. Fellows** (Stredwick) *C*. Probably the best cactus to date. The large orange to terra cotta blooms are produced in great abundance on good wiry stems. A wonderful exhibition flower and splendid for cutting. Should be in every garden. **75c**
- Geisha** (Hornsveld) *P*. A most sunshiny combination of scarlet and gold, with an exquisite ring of amber yellow at center; petals broad and peculiarly twisted and curled. One of the most gloriously colored flowers in the garden. . **\$1.00**
- General Haig** (Kettlewell) *S*. Best scarlet show. Pure English exhibition type. **\$1.00**
- George Walters** (Carter) *HC*. A very large soft coral pink suffused with gold in center. The plant has splendid growing habits and the flowers are produced in great profusion on good stout stems. An exceptionally fine dahlia. . . **75c**
- Gladys Champion**, New. A rich peony of primuline yellow and jasper red. See page 5. **\$2.00**
- Gladys Meyer**, New. Canary yellow decorative. See page 5. **\$1.00**
- Gladys Sherwood** (Broomall) *HC*. A very large cream white flower on a straight stiff stem. A prolific bloomer, fine for garden and exhibition. Grows well in warm climates. **75c**
- Golden Opportunity** (Doolittle) *HS*. Rich buttercup yellow, shaded burnt orange in center. One of the best hybrid shows, and a fine cut flower. . . **75c**
- Golden West** (Broomall) *AC*. This variety is a typical American cactus. A vigorous grower, producing a great number of perfect blooms of deep rich yellow heavily overlaid with orange. The stems are fine and the blooms last well when cut. Very popular for basket work and table decorations. **50c**
- Gorgeous** (Bessie Boston) *P*. This dahlia named itself. It is gorgeous. The flowers are immense to the end of the season. The color, yellow and bright scarlet. Stems exceedingly long and stiff. Wonderfully fine for garden, cutting, and exhibition. **\$2.00**

- Grizzly, The** (Burns) *D.* The richest deep velvety red dahlia yet produced. The plant is a vigorous grower and the very large stately blooms are held high on extra stout stems. Does especially well in a warm climate. Every grower should have this splendid dahlia. **\$1.00**
- Helen Durnbaugh** (Broomall) *D.* A pleasing shaped flower with fine upright habits. The blooms are very beautiful. The color is a soft white shading to a glowing pink deep in the flower. **50c**
- Herbert Raby** (Stredwick) *C.* Dark red with incurved petals. Very large. Fine for exhibition and a very free bloomer, with good stems. **50c**
- Insulinda, D.** A Holland introduction. Very large orange buff, overlaid with a golden sheen, shading to orange deep in center, with old rose on reverse of petals, which are broad and curly. The stems are perfectly straight and wiry, and the blooms face up like a chrysanthemum. Stock limited. **\$1.50**
- Ione Haslam, New.** Rich scarlet peony. See page 5. **\$3.50**
- Islam Patrol** (Davies) *HC.* A stunning red and gold California hybrid cactus. The plant is a strong grower and the fine stalks hold the blooms well above the foliage. This was one of the most popular dahlias exhibited at the different shows this year. **\$3.50**
- Jean Chazot** (French importation). This beautiful dahlia seems to have been almost overlooked. It is a charming cut flower. A golden bronze American cactus, suffused nasturtium red. A most abundant bloomer of graceful form and fine stems. Stock limited. **\$1.00**
- Jersey's Beauty, New.** Eosine pink decorative. See page 5. **\$5.00**
- John Alden** (Hodgens) *D.* This dahlia blossoms into a beautiful big symmetrical jewel of royal purple. Fine form, long, stiff stems, carrying the flowers well above the foliage. The best of its color. Splendid for exhibition and cutting. **\$2.50**
- John Riding, C.** Very large claw-shaped red. Perfectly rigid stems. **75c**
- John Walker, S.** Fine exhibition type. Pure white. **50c**
- J. W. Davies** (Bessie Boston) *D.* A beautiful big dahlia shading from deep velvety cerise in center, to a lighter cerise at the edges. The stems are perfect. The blossoms keep their size and form till the end of the season, and last well when cut. Splendid for exhibition. **\$3.00**
- Kalif** (Englehardt) *HC.* Rich scarlet of perfect form. The plant has splendid habits of growth. The very large blooms are freely produced on good long, strong stems. Fine for exhibition and for cutting. **50c**
- Karma, New.** Beautiful amaranth pink decorative. See page 5. **\$5.00**
- King of Purple, S.** Deep purple. **50c**
- Kitty Dunlap** (Bessie Boston) *D.* A very free blooming, fine form dahlia of American Beauty rose. The stems are long and stiff. We recommend this dahlia highly for exhibition and cutting. **\$2.50**
- La Favorita** (Lohrmann) *HC.* This beautiful large flaming orange hybrid cactus is without doubt one of the best dahlias of this color. The blooms are of fine form and hold their centers till late in the season. The stems are long and stiff. Should be in every collection. **75c**
- Les Amours de Madam, S.** Large flower of cerise with stripe of deeper color. **50c**

Leora Creed (Salbach) *D.* A beautiful orange pink decorative. Scored second highest at the American Dahlia Society Trial Gardens in 1922, and at the Alameda County Floral Society, a basket of Leora Creed won first prize for the most artistic arrangement of dahlias of any kind. Because of its beautiful glowing color, fine foliage, long tough wiry stems and splendid keeping qualities, it is always the first choice of the cut flower trade. The plant is a vigorous grower and an abundant producer of fine flowers throughout the entire season. Splendid florists' variety. Withdrawn to increase stock.

LOLITA VELASCO—AMERICAN CACTUS

Lolita Velasco (Bessie Boston) *AC.* A very large white American cactus, blooming well above the foliage on long straight stems. The petals are of good substance, very long and rolled back the full length. Center excellent. One of the best in this class.....\$3.50

AS THE ORIGINATOR GROWS MRS. CARL SALBACH AT HIS STOCK RANCH

Mrs. Carl Salbach (Salbach) *D.* This dahlia at the time of its introduction created a tremendous sensation. Since then it has been grown with utmost satisfaction in every section of the continent as evidenced by the hundreds of letters we have received from growers East, West, North and South, and even from far-off Australia, England and South Africa. The flowers which are produced in great abundance are large, of great depth and of perfect formation. The color is a lovely shade of mallow pink. The stems are extremely long and cane-like, holding these regal blooms proudly erect above a tall vigorous plant. Has many medals, cups and other first prizes to its credit, including a Certificate of Merit from the American Dahlia Society and a Gold Medal from the Dahlia Society of California. Mrs. Carl Salbach is a dahlia of fine growing habits, a generous producer of tubers and of beautiful large flowers, a perfect exhibition variety, an especially fine cut flower and most beautiful and stately in the garden. Wonderfully satisfactory when planted close in mass. As the originator of this variety we have a very large supply of tubers which have been grown in the open field at our Dahlia Farm. All orders will therefore be filled from the very choicest stock to be had. Tubers.....**.75c**

Assortments of Dahlias

For those not acquainted with the different varieties of dahlias, we will make up a collection of one dozen tubers, of our own selection, all named varieties, for \$5.00, \$10.00 or \$15.00. In each case we will give **good values and generous count.** **Special inducements to beginners desiring a complete collection.**

The Dahlia Society of California

The Dahlia Society of California is a splendid organization composed of real flower lovers. Their meetings are very interesting and instructive. Their official publication, The Bulletin, which contains much dahlia news, is sent free to members who also receive a card which entitles them to all the privileges of the society, including free admission to the annual Dahlia Show at the Palace Hotel, San Francisco. The dues are \$2.00 a year. We invite you to become a member and shall be pleased to receive your application.

Collarette Dahlias

Single type; open centered blossoms with not more than nine floral rays, with one or more smaller rays usually of a different color, from the heart of each ray floret, making a collar about the disc.

Gladiolus

The modern gladiolus of the summer garden are the most popular of all flowers. They are invaluable to the landscape gardener for color splashes and for bedding and to the florist and the home decorator they are the most beautiful and lasting of all the garden blooms.

The spikes grow tall and elegant, sturdy and dignified, slender and graceful and the color range is absolutely infinite. There is a single spike for the slender vase, a corsage for the luncheon guest, an adorable basket for the debutante and a glorious bowl full for the dance.

A hundred bulbs can be planted in a bed four feet by six. They grow in practically any soil and climate and may be planted to give a succession of blooms.

Our collection of gladiolus is the result of years of study and work and our equipment the best that money can buy. Our bulbs are clean, healthy and vigorous, the finest stock that can be grown. We feel certain that we can make your summer garden a joy to you and all your friends.

How to Grow Gladiolus

The bulbs should be planted in the spring, after all danger of frost is over. Plant from four to six inches deep, according to the lightness of the soil and the size of the bulbs. In a cool climate they thrive best in a good sunny place. Where the summers are extremely warm, a partially shaded place is preferable.

We do not advocate the use of dressing too liberally. A light application of any well decayed manure or good commercial fertilizer applied on the top of the ground after the plants are several inches high will aid in producing larger blooms. **Never apply fertilizer at the time of planting.** The ground should be kept moist (not wet) until the flower spikes begin to appear, then water freely. The spikes can be cut as soon as the first bud begins to open. Four or five of the lower leaves should be left to help mature the new bulb.

The bulbs should be dug as soon as the leaves turn yellow or as soon as they are killed by frost. They should be lifted tops and all and allowed to cure, preferably out of doors. If in a warm climate they should be shaded during the heat of the day and should at all times be protected from frost. The usual time for curing is from four to six weeks. When thoroughly dry the tops should be cut off close to the bulbs and the old dried corms removed from the bottom of these new bulbs. Store in shallow trays in a cool dry place protected from frost.

For General Information, see page 2. Gladiolus orders can be filled in the fall to spring.

Rev. Ewbank (Velthuys). Fine light blue with dark blue tongue tipped cream. Tall and early, one of the best light blues.....50c each

Richard Diener (Diener). We are listing this beautiful gladiolus among the new varieties because of the new price. Our fine large stock of this variety enables us to list it at such a great reduction we feel that the attention of our readers should be called to it. Richard Diener is a very large clear glowing La France pink with light flakings of geranium pink and soft orange tongue. The blooms are slightly ruffled and are

POLAR STAR

beautifully set on splendid spikes. Eight to ten open at once. A truly wonderful gladiolus.50c each; \$5.00 doz.

Rosenel (Metzner). Large amaranth purple, shading to Tyrian pink in throat, deep carmine tongue. Very distinct.25c each; \$2.50 doz.

Rose Ash (Metzner). A gladiolus that offers a decidedly new color. Mr. Chas. E. F. Gersdorff, who is recognized as authority on gladioli, says: "It is easily of XXXX quality. I found the color to be old rose, over-laid and blended daphne pink and daphne red; bases of petals straw yellow dusted eugenia red. General effect, what is known as 'Ashes of Roses.' It is fine in its pastel coloring, fine in the garden and as a cut flower. It has great decorative possibilities." We grew several acres of this gladiolus in one block and it was indeed an inspiring sight to view this bed of tall stately spikes of pastel blooms all in flower at one time. This is the most prolific variety in our whole collection, one bulb often throwing three or four spikes which are all tall, straight and vigorous.25c each; \$2.50 doz.

Saraband, New. Rich velvety Bordeaux. See page 21. . . . \$2.00 each

Scarlet Princes. Same as Virginia.15c each; \$1.50 doz.

Schwaben (Pfitzer). Deep cream yellow blotched in throat with amaranth on lemon yellow. Spike strong and branching. Many open at one time, well placed and of excellent substance.10c each; \$1.00 doz.

Sheila (Coleman). A wonderful new rich salmon. The blooms are large and very graceful. This flower was much admired by our visitors.15c each; \$1.50 doz.

Sidney Plummer (Salbach) 1923. Beautiful soft yellow, suffused delicate pink. Rich amber lip, amaranth purple tongue. An exquisite color combination. Blooms large, well placed, and slightly ruffled. Many open at one time. A very fine yellow. Rated by Mr. Chas. E. F. Gersdorff at 95, both as a commercial and exhibition flower.35c each; \$3.50 doz.

Superba (Coleman). This gladiolus called forth more exclamations of admiration than any other variety in our Test Garden. The color is a rich glowing scarlet bordering on carmine. The blooms are large, wide open and very showy.50c each; \$5.00 doz.

Large Gladiolus in Mixtures

In order that we may offer our customers gladiolus in extra mixture, we have made up a collection, using named varieties and seedlings of our own creation. We are offering this splendid mixture at 12 for **\$1.00**, 50 for **\$3.00** and 100 for **\$5.00**.

Primulinus Hybrids

These beautiful flowers are a cross between the small Primulinus species which is found growing wild near Victoria Falls, South Africa, and the large gladiolus. The result is a new variety known as Primulinus Hybrids. The blooms are smaller than those of the gladiolus, are slightly hooded, and are poised like butterflies on long, graceful stems. They come in the beautiful nasturtium shades, with a few exquisite pink varieties. Because of the size and the graceful pliant stems, they are especially lovely in baskets and for table decorations.
